

SPEAKER

Dwain Browne

Founder and CEO, SnapSuite and LeadScore AI · Toronto, Canada

Education first. Every session gives the audience a framework, a checklist, or habits they can use on Monday, whatever software they run. No sales pitch, and no product demo by default.

Bio

Dwain Browne is a Toronto-based founder and software architect with 25+ years across software, sales, operations and entrepreneurship. He is Founder and CEO of SnapSuite, operations and payments software for skilled-trade businesses, and LeadScore AI, an AI lead-scoring and outreach platform. He speaks to operators, sales teams and advisors about using software to run a tighter business, without the hype.
